RESPONSE TO OFFICE ACTION

Honorable Commissioner of Patents and Trademarks  
Washington D.C. 20231

Sir:

In response to the Office Action mailed July 26, 1988, kindly amend the subject application as follows:

IN THE CLAIMS

Cancel Claims 34, 36 and 44-52 without prejudice.

29. An electronically programmable remote control [access] vehicle security system [for controlling access to a secured area], comprising:

a portable hand-held transmitter comprising means for generating and transmitting a predetermined digitally encoded, radio frequency, receiver-responsive signal representative of a predetermined transmitter code, and actuating means for actuating said generating and transmitting means so that said signal is automatically generated and transmitted upon actuation; [and]

vehicle antitheft means;

[an access] a system control unit disposed within said vehicle, comprising:

(i) receiving means operable during a system program mode and a system operating-receiving mode for receiving said transmitted encoded
